AMENDMENT

Sir:

In response to the Official Action June 15, 2001, please amend this application as follows:

IN THE CLAIMS:

Please cancel claims 1-11 and substitute the following new claims 12-25.

12. A building unit module having sides and corners, comprising a lattice framework formed of at least three parallel vertically oriented frame members spaced along the length of the module, said at least three vertically oriented frame members located along one side of said module at the corners thereof and at a location intermediate the corners, multiple parallel horizontal runners connected to the frame members internally thereof, the runners each extending transversely to the frame
